Unlawful harassment in any form, including verbal, physical and visual conduct, threats, demands and retaliation, is prohibited. You may have a claim of harassment even if you have not lost your job or some other economic benefit. The law prohibits any form of harassment, which impairs your working ability or emotional well being at work.

If you believe you are being harassed on the job because of your sex, race, ancestry, or any other protected basis, please use the procedure outlined in this policy to file a complaint and we will investigate.

We want you to understand that you have a right to redress for any unlawful harassment. Your complaint should include the details of the incident or incidents, the names of the individuals involved and the names of any witnesses. Managers will refer all harassment complaints to Mark M. Davis. Advanced Resource Solutions will immediately undertake an effective, thorough and objective investigation of the harassment allegations. This investigation will be completed and a determination regarding the alleged harassment will be made and communicated to you as soon as practical. If Advanced Resource Solutions determines that unlawful harassment has occurred, we will take effective remedial action commensurate with the severity of the offense. Appropriate action will also be taken to deter any future harassment. Advanced Resource Solutions will not retaliate against you for filing a

complaint and will not knowingly permit retaliation by management employees or your co-workers for having filed a complaint.

Advanced Resource Solutions encourages you to report any incidents of harassment forbidden by this policy immediately so that the complaint can be resolved quickly and fairly. - The Company will pay for any drug and alcohol screen requested by ADVANCED RESOURCE SOLUTIONS. If the employee wishes a second test performed on the sample, the job applicant or employee will pay for such secondary test.

Any employee convicted of a controlled substance-related violation (including a plea of nolo contendere) must inform ADVANCED RESOURCE SOLUTIONS within five (5) days of such conviction or plea. Failure to disclose this information will be grounds for discharge.

SAFETY is everyone's responsibility. It is the desire of ADVANCED RESOURCE SOLUTIONS to help provide a safe working environment for all employees. To accomplish this, management will provide reasonable safeguards to help insure safe working conditions and support the safe and efficient development of all work activities.

The need also exists for recognizing that **no job is so important and no order is so urgent that we cannot take time to perform our work safely.** If you observe any condition or work practice that may pose a risk of injury, report it immediately to your supervisor.

Employees are expected to use the safety equipment provided. Rules of conduct and rules of safety shall be observed. Safety equipment shall not be destroyed or abused.

The joint cooperation of employees and management in observance of this policy will help provide safe working conditions and reduce work-related accidents, and will be to the mutual advantage of all. Therefore, I ask your cooperation and support to help make all our jobs safe.

- (5) "Possession" means that an employee has the substance or Company property on his or her person or otherwise under his or her control.

III. Inspections and Searches

A. Access to Company Property

1. In order to assure access at all times to Company property, and because employees properly in possession of Company property or information related to Company business may not always be available to produce the property or information when needed in the ordinary course of the Company's business, the Company reserves the right to conduct a routine inspection or search at any time for Company property on Company premises. In addition, the Company reserves the right to access at all times information and communications stored in Company computer files, on Company disk-drives, and in employee voicemail boxes and electronic-mail systems.
2. Routine searches or inspections for Company property may include an employee's office, desk, file cabinet, closet, computer files, voice mail, electronic mail, or similar places where employees may store Company property or company-related information, whether or not the places are locked or protected by access codes and/or passwords.
3. Because even a routine search for Company property might result in the discovery of an employee's personal possessions, all employees are encouraged to refrain from bringing into the workplace any item of personal property that they do not wish to reveal to the Company.

B. Inspections and Searches for Prohibited Materials

1. Inspections or searches for prohibited materials in or on Company premises also will be conducted whenever the Company has reasonable suspicion to believe that a particular employee or group of employees may be in possession of materials in violation of this Policy.
2. Inspections or searches for prohibited materials may be conducted by an independent security service or by Company personnel.
3. Inspections or searches for prohibited materials may be conducted on a random basis at locations where employees enter or exit Company premises, without regard to whether there is reasonable suspicion that any employee may be in possession of prohibited materials in violation of this Policy.
4. Inspections or searches for prohibited materials may include an employee's office, desk, file cabinet, closet, computer, or similar places where employees may place personal possessions or information, whether or not the places are locked or password protected. Inspections or searches for prohibited materials also may include an employee's locker, or an employee's pockets, purse,

briefcase, lunch box, or other item of personal property that is being worn or carried by the Employee while on Company premises.

5. In cases involving an inspection or search of an employee's pockets, purse, briefcase, or other item of personal property that is being worn or carried by the employee, the employee will be requested to conduct a self-search (i.e., by turning out or emptying pockets, purses, etc.) in the presence of an observer who will be a person of the same gender.
6. Employees who refuse to cooperate during an inspection or search will not be forcibly detained or searched. However, the Company will base any disciplinary decision on the information that is available, including their refusal to consent to the search as well as the information that gave rise to a reasonable suspicion that the employees were in possession of prohibited materials, if applicable, and that their failure or refusal to cooperate could deprive the Company of information that may clear them of suspicion. In addition, the Company reserves the right to take appropriate action to prevent the unauthorized removal from Company premises of Company property.

IV. Disciplinary Action

Employees who are found to be in possession of prohibited materials, or employees who are found to have used Company property in an unauthorized manner, will be subject to discipline, up to and including discharge, regardless of the Company's reason for conducting the search or inspection.

V. Confidentiality

Managers and supervisors will make their best effort to restrict communications concerning a violation or possible violation of this Policy to persons who have an important work-related reason to know.

SOLICITATION, DISTRIBUTION, AND BULLETIN BOARDS

Employees may engage in solicitation on Company premises only during non-working time. Non-working time means time during meals or breaks and before or after work.

Employees may distribute or circulate non-Company written materials only during non-working time and only in non-work areas. If an employee is not certain whether an area is a work or non-work area, he or she should consult his or her immediate supervisor for clarification.

Solicitation or distribution in any way connected with the sale of any goods or services for profit is strictly prohibited anywhere on Company property at any time. Similarly, solicitation or distribution of literature for any purpose by non-employees is strictly prohibited on Company property at any time.

The Company maintains a bulletin board at its facility and occasionally posts bulletins to employees at its jobsites. Postings on these boards are limited to Company-related material including statutory and legal notices, safety and disciplinary rules. Company policies, memos of general interest relating to the Company, local operating rules, and other items. All postings require the prior approval of Management. No postings will be permitted for any other purpose.

LOYALTY

Employees shall not engage directly or indirectly in any outside relationship or activity that defers or would adversely affect their primary responsibilities, interests, duties, or loyalty in furthering ADVANCED RESOURCE SOLUTIONS' mission and image. Solicitation of Advanced Resource Solutions customers is grounds for dismissal. Under no circumstances may an employee work for a competitor, supplier or customer of ADVANCED RESOURCE SOLUTIONS, or engage in self-employment in competition with ADVANCED RESOURCE SOLUTIONS

TERMINATION PROCESS

Management may terminate paid employees for any reason, with or without notice. Employees will cooperate fully with ADVANCED RESOURCE SOLUTIONS in all matters relating to the satisfactory conclusion of their employment and will assist in the orderly transfer of their pending work to other employees of the Company.

Employees, who terminate their employment with the ADVANCED RESOURCE SOLUTIONS, will return all Company uniforms, keys, tools or other property on their final working day. The employee, in normal and usual termination cases, will continue performing his or her regular job duties through the final working day. Equipment will be in good operating condition and in the same condition and state of repair as when delivered to the employee, subject only to reasonable wear and tear. Company officials may require some items to be returned prior to the final day should they feel it is necessary.

Employees who are terminated for cause will return all Advanced Resource Solutions' property immediately on request of ADVANCED RESOURCE SOLUTIONS officials. The employee being terminated is responsible for all lost or damaged property. All money owed ADVANCED RESOURCE SOLUTIONS will be deducted from the final paycheck of the terminating employee to the extent the law allows.

Deductions from the final paycheck will be made as required by federal, state and local statutes and regulations. Deductions from final pay may be made for lost, stolen or damaged Company property for which the employee is responsible, as permitted by law. All money owed ADVANCED RESOURCE SOLUTIONS will be deducted from the final paycheck of the terminating employee to the extent the law allows.

Deductions will also be made for the following reasons as permitted by State and Federal law.

- Failure to return ADVANCED RESOURCE SOLUTIONS uniforms, keys, tools or other property on the final day of employment.
- Debts owed to ADVANCED RESOURCE SOLUTIONS by the employee for cash advances, payroll advances and other like items.
- Payment to ADVANCED RESOURCE SOLUTIONS for lost uniforms, keys or damaged tools, equipment or vehicles.

ADVANCED RESOURCE SOLUTIONS will review all cases where an individual does not return all ADVANCED RESOURCE SOLUTIONS property. Prosecution for theft of property may be initiated under certain conditions. If accrued, all accrued PTO will be relinquished upon termination for cause or otherwise.
